Personal Profile Statement

I am an aspiring **Software Developer and/ or Information Systems Engineer**, currently completing my Diploma in Information Technology at Nelson Mandela University. My academic achievements and hands-on projects have equipped me with the skills to excel in the **technology** industry. I am eager to apply my knowledge to tackle real-world challenges and deliver impactful results. Driven by a strong commitment to seeing things through to completion, I am self-motivated, goal-oriented, and passionate about continuous learning. I believe in empowering others through the knowledge and experiences I have gained throughout my journey.

Hobbies and Interests

- I enjoy being actively involved in community outreach and cultivation projects that allow me to make a positive impact on society. Netball is a passion of mine, as it not only keeps me fit but also fosters teamwork and collaboration. I love reading, which broadens my perspective and enriches my understanding of the world. Outdoor adventures and fitness training keep me energized and motivated. Additionally, I take great joy in being part of the preparations team at my church, where I've learned valuable skills in coordination and event organization.
